

# 538B SOURCE GUIDE

## **538B** **High Efficiency Duct-Free** **Split System** **1.5-5 Tons**

### **Features**

- High Efficiency
- Low Sound Ratings
- Scroll Compressor Ensures Smooth, Consistent and Quiet Operation
- Front-to-Rear Push Through Design Provides Even Air Flow to Enhance Efficiency
- Fully Insulated Compressor Compartment Results in Super-Quiet Operation
- Accumulator Safeguards Operation by Controlling Refrigerant Flow
- Discharge & Suction Pressure Gauge Ports Allow Easy Access for Service
