

657A SOURCE GUIDE

657A High Efficiency Heat Pump Packaged Product 2.0 - 5.0 Tons

Base Unit Dimensions (Without Base Rail)

MODEL NUMBERS	A	B	C
657A024-036	36.8	43.7	28.1
657A042-060	36.8	43.7	34.1

All Dimensions in inches

Features

- High-Efficiency up to 12 SEER
- Reliable Compressor Operation Down to Low Ambient Temperatures During the Heating Season
- Time/Temperature Defrost System
- Loss of Charge Switch
- Scroll Compressor
- Single Point Electric Connection Box with Electric Heat
- Quiet Operation Sound Levels as Low as 7.8 Bels
- Field-Installed Supplemental Electric Heat Packages Mount Inside the Unit Blower Compartment
- Optional Commercial Grade Base Rails
